

SDS – Copper Heavy Plating Pen PL-1019

1. Product and Company Identification

Product Name	Copper Plating Pen PL-1019
Other Product Name(s)	PL-1019 Copper Plating Pen
Product Use	Copper Electroplating
Manufacturer	Hunter Products, Inc. 36 Madison Ave. Flemington NJ 08822 908-526-8440
Emergency Telephone Number	908-230-0800

2. Hazards Identification

Emergency Overview: Black pen-like dispenser of blue liquid containing copper compound used for electroplating. Can cause skin & eye burns.

OSHA Regulatory Status	Hazardous
OSHA Classification	Acute Toxicity, Oral: 3 Skin Corrosion/Irritation: 1B Eye Damage/Irritation 1
OSHA Signal Word	DANGER
OSHA Hazard Statements	Causes severe skin burns and eye damage. Harmful if swallowed
OSHA Precautionary Statements	Wear glasses or goggles and protective gloves (while handling). Do not breathe fumes or vapors (during use). Do not swallow. Wash thoroughly after handling.. If swallowed, call a physician or Poison Control Center. Do not induce vomiting. If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor. If On Skin: Wash with plenty of water. If skin irritation or burns occur: Get medical advice/attention. For Respiratory Irritation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If exposed or concerned: Get medical advice or attention.
OSHA Label Symbols	
Other Hazards Not Specified by OSHA	Aquatic Toxicity Chronic 2

Potential Health Effects:

Skin	Causes irritation and may cause burn in the absence of prompt first aid.
Eyes	Causes irritation and possible permanent damage.
Ingestions	Harmful if swallowed.
Inhalation	Vapors may cause irritation (created during use). May cause allergic reaction.
Chronic Effects	None

Ingredients found on established carcinogen lists:

Ingredient	NTP Status	IARC Statue	OSHA List
No ingredients listed in this section	---	---	---

3. Composition / Information on Ingredients

Chemical Name	CAS #	EC Number	Wt. %*
Coppere pyrophosphate (Aqua Tox Chronic 2)	10102-90-6	233-279-4	5 – 15
Ammonium hydroxide (Skin corrosion 1B)	1336-21-6	215-647-6	10 – 20
Citric acid (Eye damage/irritation 2)	77-92-2	201-069-1	10 – 20
Water (not hazardous)	7732-18-5	231-791-2	25 – 40

* Exact percentages are trase secret.

4. First Aid Measures

Skin	If on skin wash with plenty of water. If skin irritation or burns occurs: Get medical advice/attention.
Eyes	If in eyes: Rinse cautiously with water for up to 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor for burns or irritation.
Ingestions	Contact a poison control center. Irritation or other symptoms may occur.
Inhalation	Remove to fresh air. Consult physician relative to any concern about cancer or fertility.
Advice to Physician	Treat symptomatically.

5. Fire Fighting Measures

Extinguishing Media:	Use any agent suitable for surrounding fire (but do not allow runoff to enter sewers or natural waterway.)
Fire/Explosion Hazards:	None noted
Fire Fighting Procedures:	Wear normal turn-out gear. Avoid contact with skin and eyes. Wear self-contained respiratory protection.
Flammable Limits:	None
Flash Point	None
Auto ignition Temperature:	Not determined
Hazardous Combustion Products:	Toxic inorganic and organic compounds and metal (nickel, zinc) fumes.

6. Accidental Release Measures

Personal Precautions:	Wear proper personal protective equipment indicated in Section 8.
Containment:	Pick up pen(s).from ground.or other surface
Clean Up:	Discharge of contents highly unlikely. In case of liquid spill, use absorbent like clay or kitty litter and place in container for disposal.
Notification Requirements:	None for this item size. (Also see section 15.)

7. Handling and Storage

Handling:	Wear proper personal protective equipment indicated in Section 8. Wash hands before eating or drinking.
Storage:	Should be stored in a dry location. Keep packages tightly closed to minimize product contamination. Keep out of the reach of children.

8. Exposure Controls / Personal Protection

Engineering Controls:	Appropriate ventilation for removal of all electroplating vapors should be used. Follow all recommended exposure guidelines found below.
------------------------------	--

Personal Protective Equipment:

Eyes and Face:	Wear safety glasses or chemical goggles to avoid accidental eye contact.
Respiratory:	Point ventilation to remove all electroplating vapors and fumes should be used.
Hands, Arms, and Body:	Use work gloves and aprons suitable for electroplating operations.
Other	Safety shower and an eyewash (or source of running water) should be available for emergency exposures.

Exposure Guidelines:

Ingredient	ACGIH TLW	ACGIH STEL	OSHA PEL	OSHA STEL
No ingredients listed in this section	---	---	---	---

9. Physical and Chemical Properties

Appearance & Physical State	Black pen-like device containing blue liquid ingredient
Odor:	None
Odor Threshold:	None
pH	Not determined
Specific Gravity (Relative density):	Not determined for liquid
Initial Boiling Point & Range:	~ 212°F (100°C)
Melting Point /Freezing Point:	Less than water
Evaporation Rate:	Not determined
Percent Volatile:	Not determine
Solubility in Water	Completely soluble
Vapor Density:	Not determined
Vapor Pressure:	Not determined
Upper/ Lower Flammable Limits:	None
Flash Point	None
Auto ignition Temperature:	Not determined
Flammability (solid, gas)	Not applicable
Octanol/water partition coefficient	Not determined
Decomposition temperature	Not determined
Viscosity	Not determined

10. Stability and Reactivity

Stability:	Stable product
Conditions to Avoid:	None anticipated
Materials to avoid	Can react with strong oxidizers.

Hazardous Polymerization:	Will not occur
Hazardous Decomposition Products	Irritating copper and phosphorous oxides.

11. Toxicological Information

Eye:	Causes eye irritation and/or corrosive burns
Skin:	May cause irritation and, corrosive burns
Oral:	Calculated: 1010 mg/kg (oral, rat) May be harmful due to nickel compound content.
Inhalation:	Processing vapors may cause irritation.
Chronic:	None

12. Ecological Information

Acute ecotoxicity:	Not rated
Chronic ecotoxicity	Toxic to aquatic species
Other information	May persist in the environment

13. Disposal Considerations

RCRA Status	Not a hazardous waste if discarded
Disposal Method:	Conform with Federal, State and Local regulations.

14. Transportation Considerations

DOT Proper Shipping Name:	Not regulated for transport
DOT Primary Hazard Class	Not applicable
DOT UN / NA Number:	Not applicable
DOT Packing Group	Not applicable
TDG (Canada)	Not regulated for transport
IMDG (International water)	Not regulated for transport
ICAO (Air transport)	Not regulated for transport

15. Regulatory Information

UNITED STATES: Toxic Substances Control Act (TSCA)

TSCA Inventory Status:	Listed on TSCA Chemical Inventory
Other TSCA Issues:	None

SARA Title III/CERCLA

Ingredients with "Reportable Quantities" (RQs) and/or "Threshold Planning Quantities" (TPQs).

Ingredient	SARA/CERCLA RQ (lb.)	SARA EHS TPQ (lb.)
Ammonium hydroxide	1000	---

Spills or releases resulting in the loss of any ingredient at or above its RQ require immediate notification to the National Response Center [(800) 424-8802] and to your Local Emergency Planning Committee.

SARA 311 Hazard Class:	Immediate
-------------------------------	-----------

SARA 313 Toxic Chemicals:

The following ingredients are SARA 313 "Toxic Chemicals" and may be subject to annual reporting requirements. CAS numbers and weight percents are found in Section 2.

Ingredient	Comment
Ammonium hydroxide	Must be reported annually (EPCRA regulations)

State Right-To-Know

In addition to the ingredients found in Section 2, the following are listed for state right-to-know purposes.

Ingredient	Weight %	Comment
No ingredients listed in this section.	---	---

Additional Regulatory Information:	None
---	------

16. Other Information

- Keep out of the reach of children.

Issue Date:	August 12, 2015
Previous Issue Date:	January 1, 2008
Changes from previous version:	Revision of format to meet HCS 2012.

National Fire Protection Assoc. (NFPA) Classification:

4 = Severe; 3 = Serious; 2 = Moderate; 1 = Slight, 0 = Minimal

Health 3 Flammability 0 Reactivity 0

Hazardous Materials Information Systems (HMIS):

4 = Extreme; 3 = High; 2 = Moderate; 1 = Slight; 0 = Insignificant

Health 3* Flammability 0 Physical Hazard 0 * = Chronic health risk
